TITLE 3—THE PRESIDENT

PROCLAMATION 3011

NATIONAL FARM SAFETY WEEK, 1953

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA

A PROCLAMATION

WHEREAS needless accidents continue to kill thousands of farm people each year; and

WHEREAS accidents injured more than a million and a quarter farm residents last year; and

WHEREAS these tragic losses are reducing America's strength in a period of great crisis:

NOW THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby call upon the Nation to observe the week beginning July 19 as National Farm Safety Week, and I urgently request every farm resident to cooperate in an all-out effort to make 1953 as accident-free as possible. To the end that American farm people may "Farm To Live and Live To Farm," I request all organizations and persons interested in farm life to join in a campaign to prevent accidents on the farm, on the highway, in the home, or wherever they may occur.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this seventeenth day of April in the year of our Lord nineteen hundred [SEAL] and fifty-three, and of the Independence of the United States of America the one hundred and seventy-seventh.

DWIGHT D. EISENHOWER

By the President:

JOHN FOSTER DULLES,
Secretary of State.

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases, and Other Operations

[1953 C. C. C. Grain Price Support Bulletin 1, Supp. 1, Flaxseed]

PART 601—GRAINS AND RELATED COMMODITIES

SUBPART—1953-CROP FLAXSEED LOAN AND PURCHASE AGREEMENT PROGRAM

A price support program has been announced for the 1953 crop of flaxseed. The 1953 C. C. C. Grain Price Support Bulletin 1 (18 F. R. 1960) issued by the Commodity Credit Corporation and containing the regulations of a general nature with respect to price support operations for certain grains and other commodities produced in 1953, is supplemented as follows:

Sec.	Purpose.
601.301	Availability of price support.
601.302	Eligible flaxseed.
601.303	Warehouse receipts.
601.304	Determination of quantity.
601.305	Determination of quality.
601.306	Maturity of loans.
601.307	Support rates.
601.308	Warehouse charges.
601.309	Settlement.

Authority: §§ 601.301 to 601.310 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup., 714b. Interpret or apply sec. 5, 62 Stat. 1072; secs. 301, 401, 63 Stat. 1054; 15 U. S. C. Sup., 714c, 7 U. S. C. Sup., 1447, 1421.

§ 601.301 *Purpose.* This subpart states additional specific regulations which, together with the general regulations contained in the 1953 C. C. C. Grain Price Support Bulletin 1 (18 F. R. 1960), apply to loans and purchase agreements under the 1953-Crop Flaxseed Price Support Program.

§ 601.302 *Availability of price support—(a) Method of support.* Price support will be made available through farm-storage and warehouse-storage loans and through purchase agreements.

(b) *Area.* Farm-storage and warehouse-storage loans and purchase agreements will be available wherever flaxseed is grown in the continental United States, except in Texas counties designated under the 1953 Texas Flaxseed Purchase Program (18 F. R. 1650). Farm-storage loans will not be available in areas where the PMA State committee determines that flaxseed cannot be safely stored on the farm.

(c) *Where to apply.* Application for price support should be made at the office of the PMA county committee which keeps the farm-program records for the farm.

(d) *When to apply.* Loans and purchase agreements will be available from the time of harvest through October 31, 1953, in Arizona and California, and from the time of harvest through January 31, 1954, in all other States; the applicable documents must be signed by the pro-

ducer and delivered to the county committee not later than such final dates.

(e) *Eligible producer.* An eligible producer shall be an individual, partnership, association, corporation, or other legal entity producing flaxseed in 1953 as landowner, landlord, tenant, or sharecropper.

§ 601.303 *Eligible flaxseed.* At the time the flaxseed is placed under loan or delivered under a purchase agreement, it must meet the following requirements:

(a) The flaxseed must have been produced in the continental United States (excluding the Texas counties designated under the 1953 Texas Flaxseed Purchase Program) in 1953 by an eligible producer.

(b) The beneficial interest in the flaxseed must be in the producer tendering the flaxseed for loan or for delivery under a purchase agreement, and must always have been in him, or must have been in him and a former producer whom he succeeded before the flaxseed was harvested.

(c) The flaxseed must grade No. 1 or No. 2.

(d) If offered as security for a farm-storage loan, the flaxseed must have been stored in the bin or granary at least 30 days prior to its inspection, measurement, sampling, and sealing unless otherwise approved by the PMA State committee.

§ 601.304 *Warehouse receipts.* Warehouse receipts, representing flaxseed in approved warehouse storage to be placed under loan or delivered under a purchase agreement, must meet the requirements below:

(a) Warehouse receipts must be issued in the name of the producer, must be properly endorsed in blank so as to vest title in the holder, and must be receipts issued on a warehouse approved by CCC under the Uniform Grain Storage Agreement which indicate that the flaxseed is insured, or must be issued on warehouses operated by Eastern common carriers under tariffs approved by the Interstate Commerce Commission for which custodian agreements are in effect.

(b) Each warehouse receipt or the warehouseman's supplemental certificate (in duplicate) properly identified with the warehouse receipt, must show:

(1) Gross weight or bushels, (2) grade, (3) test weight, (4) dockage, and (5) percentage of damage when such factor, and not test weight, determines the grade. The warehouse receipt or the warehouseman's supplemental certificate must show whether the flaxseed arrived by rail, truck or barge. In the case of flaxseed delivered by rail or barge, the grading factors on the warehouse receipt or warehouseman's supplemental certificate must agree with the inbound inspection certificate for the car or barge if such certificate is issued.

(c) A separate warehouse receipt must be submitted for each grade of flaxseed.

(d) The warehouse receipt may be subject to liens for warehouse charges only to the extent indicated in § 601.309.

(e) Warehouse receipts representing flaxseed which has been shipped by rail or water from a country shipping point

to a designated terminal point, or shipped by rail or water from a country shipping point and stored in transit to a designated terminal point, must be accompanied by registered freight bills, or by a certificate containing similar information in a form prescribed by the PMA commodity office which shall be signed by the warehouseman and which may be part of the supplemental certificate.

§ 601.305 *Determination of quantity.*

(a) The quantity of flaxseed placed under farm-storage loan may be determined either by weight or by measurement. The quantity of flaxseed placed under a warehouse-storage loan or delivered under a farm-storage loan or under a purchase agreement shall be determined by weight.

(b) When the quantity is determined by weight, a bushel shall be 56 pounds of flaxseed free of dockage. In determining the quantity of sacked flaxseed by weight, a deduction of $\frac{3}{4}$ of a pound for each sack shall be made.

(c) When the quantity of flaxseed is determined by measurement, a bushel shall be 1.25 cubic feet of flaxseed testing 56 pounds per bushel. The quantity determined shall be the following percentages of the quantity determined for 56-pound flaxseed:

For flaxseed testing:	Percentage
56 pounds or over	100
55 pounds or over, but less than 56 pounds	98
54 pounds or over, but less than 55 pounds	96
53 pounds or over, but less than 54 pounds	94
52 pounds or over, but less than 53 pounds	92
51 pounds or over, but less than 52 pounds	90
50 pounds or over, but less than 51 pounds	88
49 pounds or over, but less than 50 pounds	86
48 pounds or over, but less than 49 pounds	84
47 pounds or over, but less than 48 pounds	82

(d) The percentage of dockage shall be determined and the weight of such dockage shall be deducted from the gross weight of the flaxseed in determining the net quantity available for loan or purchase.

§ 601.306 *Determination of quality.* The grade, grading factors, and all other quality factors shall be determined in accordance with the method set forth in the Official Grain Standards of the United States for Flaxseed, whether or not such determinations are made on the basis of an official inspection.

§ 601.307 *Maturity of loans.* Loans mature on demand but not later than January 31, 1954, in Arizona and California and not later than April 30, 1954, in all other States.

§ 601.308 *Support rates.* Basic support rates for flaxseed placed under loan or delivered under a purchase agreement will be as set forth in this section.

(a) *Basic support rates at designated terminal markets.* (1) Basic support rates per bushel for No. 1 flaxseed stored

in approved warehouses at the terminal markets listed below are as follows:

Terminal market:	Rate per bushel for No. 1
Los Angeles, Calif.	\$4.20
San Francisco, Calif.	4.24
Chicago, Ill.	4.05
Duluth, Minneapolis and St. Paul, Minn.	4.05
Superior, Wis.	4.05
Frederita, Kans.	3.89
Corpus Christi and Houston, Tex.	3.80

(2) Flaxseed eligible for loan or purchase at the support rates shown in the above schedule must have been shipped on a domestic interstate freight rate basis. On any flaxseed shipped at other than the domestic interstate freight rate, the support rate at the designated terminal market shall be reduced by any amount that the freight rate paid (plus tax) is lower than the domestic interstate freight rate (plus tax).

(3) The support rates established for the designated terminal markets apply to flaxseed which has been shipped by rail or water from a country shipping point to one of the designated terminal markets, as evidenced by paid freight bills duly registered for transit privileges: *Provided*, That in the event the amount of paid-in freight is insufficient to guarantee the minimum proportional domestic interstate freight rate from the terminal market, there shall be deducted from the applicable terminal support rate the difference between the amount of freight actually paid in and the amount required to be paid in to guarantee outbound movement at the minimum proportional domestic interstate freight rate.

(4) When shipped by rail or water and stored at any designated terminal market, flaxseed for which neither registered freight bills nor freight certificates are presented to guarantee outbound movement at the minimum proportional domestic interstate freight rate, shall have a support rate equal to the terminal rate minus 8 cents per bushel.

(5) For flaxseed received by truck and stored at any designated terminal market, the support rate shall be the terminal rate minus $12\frac{1}{2}$ cents per bushel.

(b) *Support rates for flaxseed in approved warehouse-storage at other than designated terminal markets.* (1) The support rate for flaxseed stored in approved warehouses (other than those situated in the designated terminal markets) which is shipped by rail or water, shall be determined by deducting from the appropriate designated terminal market rate an amount equal to the transit balance, if any (plus tax) of the through-freight rate from point of origin for such flaxseed to such terminal market: *Provided*, That on any flaxseed shipped at other than the domestic interstate freight rate, the support rate shall be further reduced by any amount that the freight rate paid (plus tax) is lower than the domestic interstate freight rate (plus tax) from the point of origin of such flaxseed to the point of storage: *And provided further* That in the case of flaxseed stored at any railroad transit point taking a penalty by reason of out-of-line movement to the appropri-

ate designated market, or for any other reason, there shall be added to such transit balance an amount equal to any out-of-line costs or other costs incurred in storing flaxseed in such position.

(2) The warehouse receipts must be accompanied by the original paid freight bills or certificates of the warehouseman and other required documents as set forth in § 601.304.

(c) *County support rates.* (1) The basic county support rates, for No. 1 flaxseed, are as follows: (Farm-storage loans and country warehouse-storage loans, except as otherwise provided in paragraph (b) of this section, will be based on the support rate established for the county in which the flaxseed is stored.)

(2) Where the State committee determines that State or district weed control laws effect the flaxseed crop, the support rate will be 15 cents below the applicable county support rate set forth in the schedule under subparagraph (1) of this paragraph. If upon delivery of the flaxseed to CCC, the producer supplies a certificate indicating that the flaxseed complies with the weed control laws, the producer will be credited with the amount of the differential in determining the settlement value.

(d) *Discount.* The support rate for No. 2 flaxseed shall be 6 cents per bushel less than the support rate for No. 1 flaxseed.

§ 601.309 *Warehouse charges.* (a) Warehouse receipts and the flaxseed represented thereby stored in approved warehouses operating under the Uniform Grain Storage Agreement may be subject to liens for warehouse handling and storage charges at not to exceed the Uniform Grain Storage Agreement rates from the date the flaxseed is deposited in the warehouse for storage.

(1) In Arizona and California, where the date of deposit (the date of the warehouse receipt if the date of deposit is not shown) on warehouse receipts representing flaxseed stored in warehouses operating under the Uniform Grain Storage Agreement is on or before January 31, 1954, storage charges per bushel in accordance with the following table shall be deducted in computing the loan or purchase price.

(b) Warehouse receipts and the flaxseed represented thereby stored in approved warehouses operated by Eastern common carriers may be subject to liens for warehouse elevation (receiving and delivering) and storage charges from the date of deposit at rates approved by the Interstate Commerce Commission. There shall be deducted in computing the loan rate or in computing the purchase price (except as provided in paragraph (c) (2) of § 601.310) the amount of the approved tariff rate for storage (not including elevation) which will accumulate from the date of deposit to the program maturity date. The county committee shall request the FMA commodity office to determine the amount of such charges.

§ 601.310 *Settlement.*—(a) *Farm-storage loans.* (1) In the case of eligible flaxseed delivered to CCC from farm storage under the loan program, settlement shall be made at the applicable support rate for the approved point of delivery. The support rate shall be applied to the grade and quality of the total quantity of flaxseed eligible for delivery.

(2) If the flaxseed under farm-storage loan is, upon delivery, of a grade and/or quality for which no support rate has been established, the settlement value shall be the support rate established for the grade and/or quality of the flaxseed placed under loan, less the difference, if any, at the time of delivery, between the market price for the grade and/or quality placed under loan and the market price of the flaxseed delivered, as determined by CCC.

(3) If farm-stored flaxseed is delivered to CCC prior to January 31, 1954, in Arizona or California, or prior to April 30, 1954, in all other States, upon request of the producer and with the approval of CCC, the loan settlement shall be reduced by storage charges as set forth in § 601.309.

(b) *Warehouse-storage loans.* (1) In the case of warehouse receipts issued on a warehouse approved under the Uniform Grain Storage Agreement, if the warehouse loan is not redeemed and the warehouse receipt or the accompanying supplemental certificate contains a statement in substantially the following form: "Full storage charges, not including receiving charges, paid through April 30, 1954 (January 31, 1954, if stored in Arizona or California) \$_____" a refund in the amount of the smaller of (i) the storage charges prepaid by the

producer, or (ii) the amount of the storage charges deducted at the time the loan was completed, will be made to the producer by the PMA county office.

(2) For flaxseed stored in approved warehouses operated by Eastern common carriers, if the warehouse loan is not redeemed, and the supplemental certificate and delivery order contains a statement in substantially the following form: "Full storage charges paid through April 30, 1954, \$-----," a refund will be made to the producer by the PMA county office of the amount of storage deducted at the time the loan was completed plus any elevation charge which was prepaid by the producer.

(c) *Purchase agreement.* (1) (i) Flaxseed delivered to CCC under a purchase agreement must meet the requirements of flaxseed eligible for loan. The purchase rate per bushel of eligible flaxseed shall be the support rate established for the approved point of delivery, subject to deduction of warehouse charges in accordance with § 601.309, except as provided in subparagraph (2) of this paragraph.

(ii) In the case of warehouse receipts issued on a warehouse approved under the Uniform Grain Storage Agreement, if the warehouse receipt or the accompanying supplemental certificate representing flaxseed stored in the warehouse contains a statement in substantially the following form: "Full storage charges, not including receiving charges, paid through April 30, 1954 (January 31, 1954, if stored in Arizona or California) \$-----," the producer shall be given credit for the smaller of (a) the storage charges prepaid by the producer, or (b) the amount of the warehouse-storage charges determined according to the time of deposit as outlined in § 601.309 at the time the settlement value of the commodity delivered is determined.

(2) For flaxseed stored in approved warehouses operated by Eastern common carriers, if the supplemental certificate and delivery order representing flaxseed stored in the warehouse contains a statement in substantially the following form: "Full storage charges paid through April 30, 1954, \$-----," no deduction for storage shall be made from the support rate at the time the settlement value of the commodity delivered is determined. The producer shall be given credit for the amount of any elevation charge prepaid at the time the settlement value of the commodity delivered is determined, if he presents evidence showing such payment.

(d) *Track loading.* A track-loading payment of 2 cents per bushel will be made to the producer on flaxseed delivered to CCC on track at a country point.

Issued this 20th day of April 1953.

Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

[B. E. P. Q. No. 577, Revised]

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—BLACK STEM RUST

ADMINISTRATIVE INSTRUCTIONS DESIGNATING RUST-RESISTANT SPECIES AND VARIETIES OF BARBERRY, MAHOBERBERIS, AND MAHONIA PLANTS

Pursuant to the authority conferred upon him by § 301.38-5 of the regulations supplemental to the Black Stem Rust Quarantine (Notice of Quarantine No. 38, 7 CFR 301.38-5) under section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161) the Chief of the Bureau of Entomology and Plant Quarantine hereby issues amended administrative instructions to designate the species or horticultural varieties within the genera *Berberis*, *Mahoberberis*, and *Mahonia* that, on the basis of evidence satisfactory to him, are determined to be resistant to black stem rust, as follows:

§ 301.38-5a *Administrative instructions designating rust-resistant barberry, mahoberberis, and mahonia plants.* (a) The following species and horticultural varieties of barberry, mahoberberis, and mahonia are hereby designated as rust-resistant:

(b) Plants of the species and varieties in paragraph (a) of this section may be moved interstate in compliance with the regulations in this subpart.

(c) Under the regulations in this subpart, seeds and fruit of the species and varieties in paragraph (a) of this section, if produced in any of the States of Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, North Dakota, Ohio, Pennsylvania, South Dakota, Virginia, Washington, West Virginia, Wisconsin, and Wyoming, may be moved between such States only under permit or, wherever produced, may be moved from the States named to points outside thereof, and between States other than those named, without restriction.

(Secs. 1, 3, 33 Stat. 1269, 1270, sec. 9, 37 Stat. 318; 7 U. S. C. 141, 143, 162. Interpretations or applies sec. 8, 37 Stat. 318, as amended; 7 U. S. C. 161)

These instructions shall become effective on April 25, 1953, when they shall supersede B. E. P. Q. 577, revised, effective April 22, 1950 (7 CFR Supp. 301.38-5a)

The purpose of this amendment is to add to the list of rust-resistant species and horticultural varieties of barberry, mahoberberis, and mahonia plants the following six additional species and varieties: *Berberis insignis* Hook. & Thoms., *B. linearifolia* Phil., *B. lologensis* Sandwith., *B. Renton* Hort., *B. xanthoxylon* Hort., *Mahoberberis miethekeana* Hort. The designation of such rust-resistant species and varieties in effect constitutes a relaxation of the restrictions of the regulations and depends upon facts within the knowledge of the Bureau of Entomology and Plant Quarantine. It has been determined that there is no unwarranted pest risk involved in the permitted movement of such species and varieties. The determination having been made that these species and varieties are rust-resistant, authorization for their movement in accordance with the regulations should be accomplished promptly. Accordingly pursuant to the provisions of section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure concerning these instructions are impracticable, unnecessary, or contrary to the public interest, and good cause is found for making them effective less than thirty days after publication hereof in the FEDERAL REGISTER.

Done at Washington, D. C., this 13th day of April 1953.

[SEAL] AVERY S. HOYT,
Chief, Bureau of Entomology
and Plant Quarantine.

PART 384—GENERAL ORDERS

PART 398—PRIORITY RATINGS AND SUPPLY ASSISTANCE

MISCELLANEOUS AMENDMENTS

1. In § 371.4 *Reexportation from country of destination* the note following paragraph (b) *Permissive reexportations* is amended by the addition of the following unnumbered paragraph:

When an exporter of a commodity being exported under General License GRO or GO does not know, prior to the departure of the exporting carrier, which of several countries is the country of ultimate destination, he may name optional ports of unloading on the shipper's export declaration and bill of lading, even when more than one foreign country is involved, as provided by the Note following § 379.2 (a) (2) (iii).

2. In § 371.8 *General license GRO*, paragraph (a) *Scope of license*, subparagraph (2) is amended to read as follows:

(2) No exportations may be made under this general license to Subgroup A countries. In addition, no such exportations ultimately destined to Hong Kong or Macao may be made except fresh fruits (Schedule B Nos. 130100 through 131990) fresh vegetables (Schedule B Nos. 120710 through 122490) and cut flowers (Schedule B No. 259910).

3. Section 371.9 *General in-transit license GIT* is amended in the following particulars:

a. Note 3 following paragraph (a) *General provisions* is amended to read as follows:

3. Regardless of origin of the in-transit shipment, except those originating in Canada, General License GIT cannot be used to export any commodity if it is on the Excepted Commodity List as provided in paragraph (c) of this section.

b. Subparagraph (1) *Shipments originating in Canada* of paragraph (b) *Special provisions* is amended to read as follows:

(1) *Shipments originating in Canada.*
(i) The provisions of General License GIT are applicable, as modified in this paragraph, to all shipments originating

in Canada and moving in transit through the United States to any foreign destination, including Hong Kong, Macao, and Subgroup A countries. The United States collector of customs at the United States port of entry shall require, and the shipper shall submit to him, a copy of Canadian Customs Entry, Form B13, certified or stamped by the Canadian customs authorities, for each such shipment. Positive List commodities may be exported from the United States under this general license only as authorized in the certified or stamped Canadian Customs Entry, Form B13. Where the ultimate destination or any other pertinent detail of such shipment is not the same on the U. S. shipper's export declaration as that shown on the Canadian Customs Entry, Form B13, a validated U. S. export license or a new Form B13 authorizing the shipment is required. However, non-Positive List commodities may be exported under any general license applicable to the exportation of the same commodities of domestic origin whether or not there is a change of ultimate destination while the shipment is in transit. Non-Positive List commodities authorized by the Canadian Customs Entry, Form B13, for export to Hong Kong, Macao, or a Subgroup A country may proceed in transit through the United States under General License GIT according to that authorization. Other shipments of non-Positive List commodities to Hong Kong, Macao, or a Subgroup A country, not authorized to such a destination by the accompanying Canadian Customs Entry, Form B13, require a validated U. S. export license or a new Form B13 authorizing such an exportation.

(ii) The U. S. collector of customs at the United States port of entry shall notify the U. S. collector of customs at the U. S. port of exit by appropriate notation on the U. S. customs entry (Transportation Entry and Manifest, Customs Form 7512), if the information on the certified or stamped Canadian Customs Entry, Form B13, is in full accord with the information set forth in the U. S. customs entry form. The Canadian Form B13 and the United States customs entry form must agree with respect to country of ultimate destination, description of the shipment, and in all other pertinent details. Where the shipment does not comply with United States regulations the U. S. collector of customs will notify the Canadian exporter or his agent in the United States of that fact.

(iii) Any parties to the exportation shall submit any further proof which the collector of customs at the United States port of entry or at the port of exit may require to enable him to determine that the shipment is properly exportable under General License GIT, including the fact that the destination of the shipment is properly authorized by the Canadian authorities. Exportations shall not be cleared for shipment by the collector of customs at the United States port of exit under General License GIT unless all provisions of this general license have been complied with.

c. Paragraph (c) *Commodities excepted from the provisions of this general license* is amended to read as follows:

(c) *Commodities excepted from the provisions of this general license.* Commodities identified on the Positive List of Commodities (§ 399.1) by means of a star (☆) following the Schedule B number may not be exported to any destination under this general license, with the exception of shipments of commodities originating in Canada which are being exported from the United States in accordance with the authorization shown on the accompanying Canadian Customs Entry, Form B13.

4. Section 372.2 *Applications for licenses* is amended in the following particulars:

a. In the *Interpretive statement regarding applicants, licensees, and parties* following paragraph (a) *Who may apply*, the first unnumbered paragraph of Item 5 *Intermediate consignee* is amended to read as follows:

5. *Intermediate consignee.* The bank, forwarding agent, or other intermediary (if any) who participates in a foreign country as an agent for the exporter, the purchaser, or the ultimate consignee, for the purpose of effecting delivery of the exportation to the ultimate consignee must be named on the application, if known. Optional intermediate consignees may be indicated on the application for export license or by request for an amendment for the export license, by an exporter who is unable to determine, at the time of filing his license application, at which port the commodities will be unloaded from the exporting carrier.

b. Paragraphs (b) *Separate applications for each commodity* and (c) *Single applications for related commodities* are amended to read as follows, respectively:

(b) *Separate applications for each Positive List entry.* A separate and complete application must be submitted for each Positive List entry to each consignee in each country of destination, except as otherwise specifically provided by paragraph (c) of this section, and by Parts 374, 375, and 376 of this chapter.

NOTE: See § 372.7 for submission of related applications for unit consideration.

(c) *Inclusion of related commodities on a single application—(1) Description of related commodities.* For each entry on the Positive List of Commodities (§ 399.1 of this subchapter) there appears in the column headed "Processing Code and Related Commodity Group" a four-letter symbol (ELME, GIEQ, etc.) which is the processing code for that entry. In many instances this code is followed by a number, which is the related commodity group number for that entry. All entries on the Positive List which have both the same processing code and the same related commodity group number are designated related commodities and may be included on a single license application. Entries which have processing codes not followed by a number are not included in any related commodity group, and a separate application must therefore be filed for each such entry. Entries which have different processing codes (e. g., ELME, GIEQ,

¹ This amendment was published in Current Export Bulletin No. 699, dated April 9, 1953, and in the reprint pages dated April 9, 1953.

RUBR) may not be included on the same application.

NOTE: The following examples illustrate proper use of a single application for related commodities:

Example 1. All entries on the Positive List having the processing code ELME followed by the related commodity group number 1 (ELME 1) may be entered on a single application.

Example 2. All entries on the Positive List having the processing code ELME followed by the related commodity group number 2 (ELME 2) may be entered on a single application.

Example 3. An entry on the Positive List having the processing code and related commodity group number ELME 1 may not be entered on the same application with an entry having the processing code and related commodity group number ELME 2.

Example 4. An entry on the Positive List having the processing code ELME not followed by a related commodity group number may not be combined on an application with any other entry, including entries having the same processing code.

Example 5. Entries on the Positive List having different processing codes (e. g., GIEQ, ELME, RUBR), regardless of whether followed by a related commodity group number, may not be included on the same application.

(2) **Partial approval.** An application may be approved in whole or in part. Upon specific request, stated on the application form, the application will be considered as a whole and either approved or rejected in its entirety.

(3) **Attachments.** Additional sheets listing related commodities must be attached securely to the application form.

5. Section 372.4 *License applications for in-transit shipments* is amended in the following particulars: Paragraph (c) *Shipments originating in Canada* is deleted. Paragraphs (d) *Shipments originating in Japan* and (e) *Nature of exportations covered by provisions of this section* are redesignated paragraphs (c) and (d) respectively.

6. Section 373.18 *Rice* is amended in the following particulars:

a. Subparagraphs (2) *Sales prior to September 10, 1952* and (3) *Sales on and subsequent to September 10, 1952* of paragraph (b) *Licensing of exports to Far Eastern countries* are deleted.

b. The second unnumbered paragraph of the Note following paragraph (d) *Licensing of exports to other countries and areas* is deleted.

7. Section 373.24 *Applicability of multiple commodity group provisions to Commodity Group 3 commodities* is amended by the addition of the following paragraph (b)

(b) *Import certificate/delivery verification requirements.* All commodities within Commodity Group 3 which are identified on the Positive List of Commodities by the letter "A" in the column headed "Commodity Lists" are subject to the provisions of § 373.2.

8. Part 373, *Licensing Policies and Related Special Provisions*, is amended by the addition of a new section (§ 373.28) under the heading "Commodity Group 4" to read as follows:

§ 373.28 *Applicability of multiple commodity group provisions to Com-*

modity Group 4 commodities—(a) Import certificate/delivery verification requirements. All commodities within Commodity Group 4 which are identified on the Positive List of Commodities by the letter "A" in the column headed "Commodity Lists" are subject to the provisions of § 373.2.

9. Section 373.36 *Cryolite* is deleted.

10. Part 373, *Licensing Policies and Related Special Provisions*, is amended by the addition of a new section (§ 373.52) under the heading "Commodity Group 7" to read as follows:

§ 373.52 *Radio and electronic tubes.* All license applications to export radio and electronic tubes, Schedule B Nos. 707805, 707810, and 709907, must show, in the commodity description column of Form IT-419, the type numbers of the tubes and quantity of each type of tube, in addition to the total quantity. Where the commodity description column of the Form IT-419 is inadequate, this information may be listed on an attachment, in duplicate, to Form IT-419.

11. Section 376.51 *Supplement No. 1, Commodities subject to periodic requirements license* is amended by the addition of the following commodity entries:

Dept. of Commerce Schedule B No.	Commodity
722045	Parts and accessories, n. e. c., specially fabricated for: hydraulic controls for wheel-type tractors; and winches for wheel-type tractors.
788905	Parts and accessories, n. e. c., specially fabricated for wheel-type tractors, except garden tractors (report engines in 714320-714360 and 714710-714910; attachments in 722030; contractors' and industrial type tractor parts in 722025 and 725050).

12. Section 379.2 *Authenticated shipper's export declaration* paragraph (a) *Procedure for authentication* is amended in the following particulars:

a. The Note following subdivision (iii) of subparagraph (2) *Information required on declaration* is amended to read as follows:

NOTE: In a case where, prior to the departure of the exporting carrier, an exporter does not know which of several countries is the country of ultimate destination of a commodity being exported under General License GRO or GO, the exporter may name on the shipper's export declaration and bill of lading as ultimate destination optional ports of unloading, even when more than one foreign country is involved. As soon as the exporter ascertains the actual country of ultimate destination, Correction Form FT-7403 should be filed with the collector of customs at the port of exit where the original shipper's export declaration was filed, specifying the actual port of unloading, the actual country of ultimate destination, and the name and address of the buyer to whom delivery is made. If the exportation is consigned to more than one country of ultimate destination, Correction Form FT-7403 should indicate the amount (quantity and value) consigned to each country of ultimate destination.

When an exportation under any general license is shipped in transit through a country other than the country of ultimate destination, the exporter may designate optional ports of unloading in one or more countries, together with the name and ad-

dress of the intermediate consignee in each of the countries designated. Optional ports of unloading, in all cases, must be located in a country to which the commodity may be shipped directly from the United States under the same general license.

In the case of exportations made under a validated license, optional ports of unloading in the country of ultimate destination only may be designated on the shipper's export declaration and bill of lading, unless the export license designates intermediate consignees in one or more countries other than the country of ultimate destination. In the latter case, the optional ports of unloading must be designated as optional in-transit points on the shipper's export declaration and bill of lading in accordance with the validated license. Amendment of the validated license is required if an intermediate consignee in any of the designated countries is not named on the export license, as provided in § 380.2 (f) of this subchapter.

On any exportation, as soon as the exporter ascertains at which port the commodities are to be unloaded, whether located in the country of ultimate destination or in a country of transit, Correction Form FT-7403 should be filed with the collector of customs at the port of exit where the original shipper's export declaration was filed, specifying the actual port of unloading and the name and address of the intermediate consignee, if any, to whom delivery is made. An intermediate consignee must be specified if the port of unloading is located in a country other than the country of ultimate destination. If the exportation is unloaded at more than one port, Correction Form FT-7403 should indicate the amount (quantity and value) unloaded at each port, and the name and address of each intermediate consignee employed in the transaction.

In all of the above instances, the Bureau of Customs, in accordance with Customs clearance regulations (section 4.00 (a) of Customs Regulations of 1943), requires that the carrier must have other cargo on board to be discharged at one of the optional ports named in each country and such carrier must be cleared accordingly.

In no event does the aforementioned procedure apply to any shipment destined directly or indirectly to Hong Kong, Macao, or a Subgroup A country. This interpretation does not change or modify the provisions of § 384.5 of this subchapter relating to the exportation of fresh fruit and vegetables to Hong Kong or Macao, nor does it change or modify the provisions of the Note following § 384.5 of this subchapter relating to shipments manifested for Singapore or other ports outside Hong Kong, Macao or Subgroup A, proceeding through Hong Kong only for the purpose of exchanging bills of lading.

13. Section 384.8 *Orders modifying validity of certain export licenses* is amended by the addition of a new paragraph (e) to read as follows:

(e) *Extension of validity period of licenses outstanding on April 9, 1953.* All export licenses outstanding on April 9, 1953, showing an expiration date other than the last day of a month, are hereby extended to the last day of that month.

14. Section 398.5 *CMP export allocations and procedures* paragraph (b) *Procedures governing applications to export controlled materials* is amended in the following particulars:

a. The introductory text of subparagraph (7) *Applications for exportation of finished carbon conversion steel* is amended to read as follows:

Exporters who make conversion arrangements for the production of

finished carbon conversion steel (as defined in CMP Reg. No. 1, Dir. 19) representing production in excess of normal National Production Authority production directive tonnages, delivered in the fourth quarter of 1952 and to be delivered in the first and second quarters of 1953, may file applications for export licenses at any time regardless of filing schedules. The application must be accompanied by a letter in triplicate containing the following information:

15. Section 398.8. *Supply assistance for foreign petroleum operations* paragraph (k) *Use of allotment symbols to obtain additional carbon conversion steel* is amended in the following particulars:

a. The first sentence of subparagraph (1) *Up to 500 tons* is amended to read as follows: "Dir. 3 to National Production Authority Order M-46A, as amended February 24, 1953, permits foreign petroleum operators having approved construction schedules to use their allotment symbols granted for the fourth quarter of 1952 and the first and second quarters of 1953 to procure up to 500 tons of finished carbon conversion steel for delivery in each of these quarters for each foreign petroleum project."

This amendment shall become effective as of April 9, 1953.

SECTION 1. What this schedule does. This schedule prohibits delivery of nickel-bearing stainless steel products by steel distributors except pursuant to authorized controlled material orders.

SEC. 2. Definitions. All definitions contained in NPA Order M-6A are applicable to this schedule.

SEC. 3. Distributors' deliveries. (a) No steel distributor (except steel distributors located in the Dominion of Canada) shall deliver any nickel-bearing stainless steel product unless such delivery is made pursuant to an authorized controlled material order.

(b) No steel distributor (except steel distributors located in the Dominion of Canada) shall deliver any nickel-bearing

stainless steel product if he knows or has reason to believe that the person to whom the delivery is to be made may not accept delivery of such nickel-bearing stainless steel product, or that he will use the nickel-bearing stainless steel product in violation of the provisions of NPA Order M-80 or of any other applicable order or regulation of NPA.

(c) Any person placing an order for a nickel-bearing stainless steel product with a steel distributor located within the United States shall endorse on his purchase order, or deliver with such purchase order, the following certification which shall be signed as provided in section 8 of NPA Reg. 2:

The undersigned, subject to statutory penalties, certifies that acceptance of delivery and use by the undersigned of the nickel-bearing stainless steel product herein ordered will not be in violation of NPA Order M-80.

This certification constitutes a representation by the purchaser to the seller and to NPA that delivery of the nickel-bearing stainless steel product ordered may be accepted by the purchaser under NPA Order M-80, and that such nickel-bearing stainless steel product will not be used by the purchaser in violation of that order.

SEC. 4. Exception. The provision of section 3 (a) of this schedule shall not apply to deliveries of nickel-bearing stainless steel products by one steel distributor to another steel distributor: *Provided*, That any such nickel-bearing stainless steel product, after delivery by a steel distributor to another steel distributor, shall not be further delivered except in accordance with the provisions of this schedule.

SEC. 5. Canadian distributor deliveries. Deliveries of nickel-bearing stainless steel products will be made by Canadian steel distributors pursuant to instructions issued by the Canadian Government through its Department of Defence Production.

SEC. 6. Communications. All communications regarding this schedule shall be addressed to the National Production Authority, Washington 25, D. C., Ref.. NPA Order M-6A, Schedule 3.

This schedule, as amended, shall take effect April 21, 1953.

ORDER OF TRANSFER OF JURISDICTION OF INTEREST

APRIL 16, 1953.

Whereas, the Office of Territories, Department of the Interior, made application Anchorage 023123, for transfer of jurisdiction of interest to the Office of Territories, under section 7 of the Public Works Act of August 24, 1949 (63 Stat. 629-48 U. S. C. 486e) in the lands hereinafter described, for a public works project (Aaa. 50-A-116, Cordova Water System) which was approved under section 4 of the act, and

Whereas, notice of the proposed transfer of jurisdiction was published in the FEDERAL REGISTER, February 5, 1953 (18 F. R. 755) and correction of land description in the notice of the proposed transfer of jurisdiction was published in the FEDERAL REGISTER, March 25, 1953 (18 F. R. 1693) and no protest to the transfer was filed within the time allowed.

Now, therefore, by virtue of the authority contained in section 7 of the Public Works Act of August 24, 1949, supra, and pursuant to section 2.56 of Delegation Order No. 427, of August 16, 1950 (15 F. R. 5641) it is ordered as follows:

Jurisdiction of interest in and to a certain tract of land described by metes

and bounds near the Town of Cordova, Alaska, is hereby transferred to the Office of Territories, Department of the Interior.

Starting at Corner No. 1 meander corner of U. S. Survey 1765; thence S. 78°38' E., 3566.07 ft. to point of beginning and Corner No. 1; thence 1138 ft. S. 47°43' E. to Corner No. 2; thence 1023.34 ft. The area described contains 289.57 acres.

This order shall not become effective until 10:00 a. m. on the 35th day after the date of this order. At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filing.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the Homestead or the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a) as amended, home or headquarters site under the act of May 26, 1934 (48 Stat. 809, 48 U. S. C. 461) by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. 279-284) as amended, subject to the requirements of applicable law, and (2) applications under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under the paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this para-

graph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statement in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent such regulations are applicable. Applications under the homestead and homesite laws shall be governed by the regulations contained in Parts 64, 65 and 166 of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Anchorage, Alaska.

2. *Charges and terms of payment.*
 The minimum water rental charge shall be \$2.50 for all irrigable areas of land on each 40-acre parcel designated to be irrigated during the year 1953. The minimum payment will entitle the applicant to 2 acre-feet of water per irrigable acre. Additional water, if available, will be furnished during the irrigation season at the rate of \$1.50 per acre-foot. All charges shall be payable in advance of the delivery of water and no part thereof shall be refunded.

3. Water will be delivered and measured by Government forces at the nearest available measuring device to the individual farm.

4. No water will be delivered to isolated tracts where such service would result in excessive canal losses or excessive costs.

5. Water will be delivered only to lands, the owners of which have executed and delivered recordable contracts as required by articles 38 and 39 of the contract of August 3, 1935, between the United States and the Casper-Alcova Irrigation District.

6. Individual applications for water and the payments required by this notice will be received at the office of the District Manager, Bureau of Reclamation, Reclamation Center, Casper, Wyoming. The United States reserves the right to reject any applications.

Office of the Secretary CALIFORNIA

ORDER RESTORING FORMER RAILROAD GRANT LANDS TO PUBLIC DOMAIN

Claims to the public lands in the following-described areas in the State of California within the limits of the grants

made to the California and Oregon Railroad Company by the act of July 25, 1866 (14 Stat. 239) to the Central Pacific Railroad Company by the acts of July 1, 1862 (12 Stat. 489), and July 2, 1864 (13 Stat. 356) and to the Southern Pacific Railroad Company by the acts of July 27, 1866 (14 Stat. 292), and March 3, 1871 (16 Stat. 573), and acts amendatory thereof and supplemental thereto have been released under section 321b, Part II, Title III of the Transportation Act of 1940 (54 Stat. 954; 49 U. S. C. sec. 65) by the beneficiaries of the grants. Subject to existing valid rights and existing withdrawals, these lands are hereby made available for disposal, use and management under the public land laws in accordance with the terms of this order.

Applications for these lands under the homestead, small tract, desert-land or other non-mineral public laws will be allowed only if the land is classified pursuant to the application as valuable or suitable for the type of disposition applied for or has been previously so classified.

 This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:
 (a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a) as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279-284) as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law,

SAN BERNARDINO MERIDIAN

based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the appropriate land office at either Sacramento or Los Angeles, California, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the managers of the land offices at Sacramento and Los Angeles, California.

CALIFORNIA AND NEW MEXICO

NOTICE OF HEARING WITH RESPECT TO ORDER NO. 2714, DIRECTING THAT UNTIL FURTHER NOTICE NO OIL AND GAS LEASE SHALL BE ISSUED FOR CERTAIN NATIONAL FOREST LANDS

Notice is hereby given that a public hearing will be held by a representative of the Secretary of the Interior at 9:00 a. m. on Tuesday, May 19, 1953, in the Court House at Santa Barbara, California, with respect to Order No. 2714 of January 27, 1953 (18 F. R. 700) directing that until further notice no oil and gas lease under the Mineral Leasing Act of February 25, 1920 (41 Stat. 437; 30 U. S. C. 181 et seq.) as amended and supplemented, shall be issued for the national forest lands in California and New Mexico, therein described. The order was issued on the recommendation of the Secretary of Agriculture.

The hearing will be open to the attendance of all interested persons. Those desiring to be heard in person at such hearing should give notice thereof to the Regional Administrator, Region II, Bureau of Land Management, 630 Sansome Street, San Francisco, California, or the Manager, Land Office, 1512 Post Office Building, Los Angeles, California, not later than May 15, 1953. Those desiring to submit written statements should file them not later than May 15 with one of the officers mentioned.

Information as to the lands involved, or other information, may be obtained from the Regional Administrator or the Manager.

ORME LEWIS,
Assistant Secretary of the Interior

B & T METALS Co.

SUSPENSION ORDER

A hearing having been held in the above-entitled matter on the 29th and 30th days of October, the 20th and 21st days of November, and the 8th and 9th days of December, 1952, before Harrison W. Ewing, a hearing commissioner of the National Production Authority, on a statement of charges made by the General Counsel, National Production Authority, and an answer and an amended answer thereto, in accordance with National Production Authority General Administrative Order 16-06 (16 F. R. 8628) and Implementation 1 to National Production Authority General Administrative Order 16-06 (16 F. R. 8799) redesignated as RP-1—Rules of Practice Before Hearing Commissioners (16 F. R. 8894) and Rules of Practice 1,

No. 78—3

Revised, September 8, 1952 (17 F. R. 8156), and

The respondents, the B & T Metals Company, a corporation, E. Douglas Wolcott as president and treasurer of the B & T Metals Company and individually, R. Scott Inboden as vice president of the B & T Metals Company and individually, Virginia L. Tolbert as secretary of the B & T Metals Company and individually, Harry E. Ross as purchasing agent of the B & T Metals Company and individually, and Ernest L. Krinn as production manager of the B & T Metals Company and individually, having been duly apprised of the specific violations charged and the administrative action which may be taken, and having been fully informed of the rules and procedures which govern these proceedings; and said respondents having been represented by John Eckler, Esq., attorney-at-law, of Columbus, Ohio, and Phillip Lemelman, Esq., attorney-at-law, of Boston, Massachusetts; and oral and documentary evidence having been offered and received on behalf of National Production Authority and on behalf of said respondents with respect to said charges and the answer and amended answer filed herein; and arguments having been presented both orally and by briefs; and the hearing commissioner being advised in the premises, it is hereby determined:

Findings of fact. (1) Respondent, the B & T Metals Company, is, and throughout the period covered by these charges was, a manufacturing corporation organized and existing under the laws of the State of Ohio, and having its principal place of business at Columbus, Ohio.

Throughout the period covered by said charges the individual respondents named above were, and they still are, officers of said corporation in the following capacities, respectively:

E. Douglas Wolcott, president, treasurer, and general manager;
R. Scott Inboden, vice president and sales manager;
Virginia L. Tolbert, secretary;
Harry E. Ross, purchasing agent;
Ernest L. Krinn, production manager.

Throughout said period the manufacturing plant of said respondent, the B & T Metals Company, consisted of two main buildings and departments separated by a narrow alley and designated respectively by respondents as "Plant A" and "Plant B." In Plant A the respondent produced aluminum extrusions, partly for its own use in Plant B and partly for sale to other fabricators, under license or authorization to produce aluminum extrusions as a "commercial extruder," which license had been granted to said respondent, on its application therefor, by the Aluminum and Magnesium Division of the National Production Authority.

In Plant B, said respondent manufactured, packed for sale, and sold aluminum moulding, trim, and sink-well frames of types classified by National Production Authority as "B" products, and identified by respondent by its proprietary trade-name "Chromedge," in the manufacture of which respondent used exclusively extrusions produced by Plant A.

(2) During the base period established by National Production Authority Order M-7, from January 1, 1950, through June 30, 1950, the average monthly use of aluminum by the respondent corporation in manufacture of the B products just enumerated was 385,203 pounds.

(3) During the period from and including December 1, 1950, to and including June 30, 1951, the respondent, the B & T Metals Company, used in the manufacture of aluminum moulding and trim (of types classified in NPA Order M-7 and successive applicable amendments of said order as B products) approximately 673,923 pounds of aluminum in excess of the total quantity permitted by NPA Order M-7, as successively amended and in force during said period, the approximate excess use during the respective portions of said period covered by the various applicable amendments of said NPA Order M-7 being as shown by the following tabulation:

Month or quarter	Permitted percent	Permitted use	Actual use	Excess use
December 1950.....	100	385,203	470,318	85,115
January 1951.....	80	308,162	456,515	148,353
February 1951.....	75	288,902	392,844	103,942
March 1951.....	65	250,382	432,672	182,290
April 1951.....	65	250,382	233,643	14,739
May 1951.....			229,124	
June 1951.....			267,635	
Total excess use.....				673,923

It has been necessary to determine the various quantities of excess use, shown by the foregoing tabulation, by approximation because the records kept by respondent were not adequate to show precisely the quantities of aluminum used in manufacture of Class B products during each of said various periods. The figures shown in the table are derived from estimates made by Government accountants by methods shown by the evidence to be in accordance with approved accounting procedure.

(4) During the period from and including December 1, 1950, to and including June 30, 1951, the respondents, E. Douglas Wolcott as president and treasurer of the B & T Metals Company and individually, R. Scott Inboden as vice president of the B & T Metals Company and individually, Harry E. Ross as purchasing agent of the B & T Metals Company and individually, and Ernest L. Krinn as production manager of the B & T Metals Company and individually, who dominated and controlled the operations of said the B & T Metals Company during said period, directed, supervised, and participated in the said use by said corporation in the manufacture of the B products described in the preceding findings of fact, of approximately 673,923 pounds of aluminum in excess of the total quantity permitted by said NPA Order M-7 as successively amended and in force during said period.

(5) The aluminum used by the respondent corporation in production of extrusions and in the manufacture of the "Chromedge" moulding and trim described in findings 3 and 4 during said period of 7 months included 593,839 pounds of aluminum which said re-

spondent had procured in the following manner. About December 8, 1950, this respondent purchased from an importer 300 tons of aluminum ingots which had been produced in Europe. After the arrival of these ingots in two shipments at American ports they were delivered, by respondent's direction, to an aluminum sheet-mill of the Alcoa Corporation at Edgewater, New Jersey, under what is known as a "toll" agreement. By this agreement respondent became entitled to receive from such plant of the Alcoa Corporation as that corporation might designate, in exchange for its said ingots and in such installments as it might from time to time order, aluminum billets of the same weight as its said deliveries of ingots, less a deduction known as "dross" to cover the estimated loss of weight of that quantity of ingots during the process of conversion to billet form. Under this arrangement respondent ordered and received from the Alcoa plant at Detroit, in various installments from the latter part of December 1950 to about May 1, 1951, aluminum billets totaling, as above stated, 598,889 pounds.

The testimony of respondent's officers indicates that, at the time this aluminum was acquired, they believed, and respondents still contend, that aluminum thus acquired through importation and exchange was not subject to the restriction of NPA Order M-7.

(6) During the calendar quarter beginning October 1, 1951, the respondent, the B & T Metals Company being in its extrusion department (Plant A) "producer of aluminum controlled materials" within the meaning of NPA Order M-5 and applicable amendments and directions of said order, shipped (delivered) to itself at various times at its fabricating department (Plant B) which was a fabricator of B products and in that capacity a processor and user of aluminum controlled materials, at least 721,634 pounds of aluminum extrusions, without requiring or receiving from its said fabricating department authorized controlled materials orders, valid during said quarter, by which the quantities of aluminum extrusions so delivered might be related to and charged against the specific allotment or allotments which had been issued to said Plant B by the Building Materials Division of the National Production Authority.

(7) During the period from January 23, 1952, to March 31, 1952, the respondent, the B & T Metals Company, being in its extrusion department (Plant A) an "independent fabricator" within the meaning of section 2 (h) of NPA Order M-5, as amended January 23, 1952, shipped (delivered) at various times to itself at its Plant B, which was a processor and user of aluminum controlled materials in the manufacture of B products, at least 163,811 pounds of aluminum in the form of extruded shapes, without requiring or receiving from its said Plant B authorized controlled material orders, valid during said period, by which the quantities of aluminum extrusions so delivered might be related to and charged against the allotment or allotments which had been issued to said Plant B

by the Building Materials Division of the National Production Authority.

(8) During the period beginning July 12, 1951, and ending September 30, 1951, the respondent, the B & T Metals Company although having received in its Plant B an authorized production schedule and related allotment for the manufacture of B products; to wit, aluminum moulding and trim, purchased and received from its Plant A aluminum controlled materials, for the fulfillment of said production schedule; to wit, 563,887 pounds of aluminum extrusions, without issuing and delivering therefor controlled material orders valid during said period and without the use of said related allotment.

(9) During the fourth quarter 1951, being the period beginning October 1, 1951, and ending December 31, 1951, the respondent, the B & T Metals Company, although having received in its Plant B a production schedule and related allotment for the manufacture during said period of B products; to wit, aluminum moulding and trim, purchased and received from its Plant A aluminum controlled materials for the fulfillment of said production schedule; to wit, 721,634 pounds of aluminum extrusions, without the use of said related allotment and without charging said materials against said related allotment and without issuing and delivering therefor controlled material orders valid during said period.

(10) During the first quarter 1952, being the period beginning January 1, 1952, and ending March 31, 1952, the respondent, the B & T Metals Company, although having received in its Plant B an authorized production schedule and related allotment for the manufacture during said period of B products; to wit, aluminum moulding and trim, acquired from its Plant A for the fulfillment of said production schedule aluminum controlled materials; to wit, 349,643 pounds of aluminum extrusions, without the use of said related allotment, without charging said materials against said related allotment, and without issuing and delivering therefor to its said Plant A controlled material orders valid during said period.

(11) During the period covered by the five preceding findings; to wit, the third quarter 1951, fourth quarter 1951, and first quarter 1952, the respondents, E. Douglas Wolcott as president and treasurer of the B & T Metals Company and individually, R. Scott Inboden as vice president of the B & T Metals Company and individually, Harry E. Ross as purchasing agent of the B & T Metals Company and individually, and Ernest L. Krinn as production manager of the B & T Metals Company and individually dominated, controlled, and managed the operations of said the B & T Metals Company, and directed, supervised, and participated in the acts recited in said five preceding findings.

(12) During the period from July 1, 1951, to March 31, 1952, the respondent, the B & T Metals Company, kept adequate records showing in pounds its receipts of aluminum from suppliers, its deliveries of aluminum to its extrusion department, and its production of various types of extrusions. It also main-

tained records on a footage basis of the quantities of B products finished "wrapped and packed" in its fabricating department, Plant B. But it kept no records by which the quantities of materials "in manufacture" at Plant B at any particular date or during any period could be precisely determined and no records charging its use of extrusions in manufacture of B products against specific production directives and allotments. It had also failed to segregate its records of receipts, production, and manufacture in such a manner as to facilitate an audit of the same as required by NPA orders. However, it had continued to maintain all records which it had been accustomed to keep before NPA controls became effective, and had installed and kept a daily record of extrusions produced which was designed to keep its production of extrusions for its Plant B within the limits of its various allotments and which its production manager believed to be sufficient to comply with NPA requirements. Also, during the investigation on which the charges in this matter are based, it installed, and has since maintained, additional records complying with recommendations by the NPA investigators and which are now apparently adequate to comply with NPA regulations.

(13) There is no allegation of wilful violation in any of the charges in this matter and counsel for NPA has repeatedly conceded in the course of the hearing that no wilful violation is claimed and that no wilful violation is shown by the evidence. By motions interposed in the course of the hearing, counsel for respondent contended, and by oral arguments and briefs contended, and continues to contend, that, in the absence of an allegation of wilful violation, the charges are not maintainable and that for the same reason the hearing commissioner has no jurisdiction and no authority for the issuance of a suspension order.

Conclusions. (1) The contention that a charge and proof of wilfulness of violation of NPA orders is required before a suspension order may legally be issued was presented to and denied by Judge Curtis Bok, then sitting as deputy hearing commissioner, in disposing of the appeal by respondents in the matter of M & B Products Company, et al., Suspension Order 7, Docket No. 8, Opinion (Issued April 14, 1952). In the present case the hearing commissioner considers himself bound to follow the precedent thus established by an appellate hearing commissioner. Respondents' various challenges of the jurisdiction are therefore overruled.

(2) The aluminum billets which respondent received within the United States in exchange for aluminum ingots which it had imported from abroad cannot logically nor legally be exempted from the operations of the broad restrictions on the civilian use of aluminum imposed by NPA Order M-7 and its successive amendments.

(3) During the period from and including December 1, 1950, to and including June 30, 1951, the respondent, the B & T Metals Company, committed acts prohibited by, and thereby violated, sections

26.25 (a) and (b) of NPA Order M-7 as amended December 1, 1950; sections 5 (b) and 6 (b) of NPA Order M-7 as amended February 1, 1951, and February 21, 1951, section 5 (c) of NPA Order M-7 as amended March 9, 1951, and March 31, 1951, section 5 (c) of NPA Order M-7 as amended April 6, 1951, and April 20, 1951, and sections 5 (c) and 6 (c) of NPA Order M-7 as amended May 1, 1951, and June 1, 1951, by using during said period in the manufacture of aluminum moulding and trim (of types classified in said order and said respective amendments as B products) approximately 673,923 pounds of aluminum in excess of the total quantity permitted by said successively applicable sections of NPA Order M-7, as thus successively amended, said excess use being further shown in detail in the third finding of fact above.

(4) During said period from December 1, 1950, to June 30, 1951, including both said dates, the respondents E. Douglas Wolcott as president and treasurer of the B & T Metals Company and individually, R. Scott Inboden as vice president of said corporation and individually, Harry E. Ross as purchasing agent of said corporation and individually, and Ernest L. Krinn as production manager of said corporation and individually, who dominated, controlled, and managed the operations of the said corporation during said period, directed, supervised, and participated in the violations recited in the preceding conclusion and thereby violated the various sections of NPA Order M-7 and its various amendments recited at length in the preceding conclusion.

(5) During the calendar quarter beginning October 1, 1951, the respondent, the B & T Metals Company, committed acts prohibited by, and thereby violated, section 2 of Direction 3 to NPA Order M-5, issued on October 1, 1951, in that being a producer of aluminum controlled materials, the said B & T Metals Company shipped to itself at its Plant B, where it was operating as a processor and user of such materials, at various times during said period, at least 721,634 pounds of aluminum controlled materials in the form of extrusions, all of which shipments were made other than pursuant to any authorized controlled material order valid during said calendar quarter, and without the making of any adequate record showing the various amounts shipped, delivered, taken, processed, or used.

(6) During the period from January 23, 1952, to March 31, 1952, including both said dates, the respondent, the B & T Metals Company, committed acts prohibited by, and thereby violated, NPA Order M-5 as amended January 23, 1952, in that said the B & T Metals Company, being an independent fabricator of aluminum extrusions within the meaning of section 2 (h) of said order, shipped to itself at various times during said period at its Plant B, in which it was a processor and user of aluminum extrusions, at least 163,811 pounds of extruded aluminum shapes, otherwise than pursuant to valid authorized controlled ma-

terial orders or any directives by the National Production Authority.

(7) During the period beginning July 12, 1951, and ending September 30, 1951, including both said dates, the respondent, the B & T Metals Company, committed acts prohibited by, and thereby violated, section 3 (c) of CMP Regulation No. 1, dated May 3, 1951, as amended July 12, 1951, in that said the B & T Metals Company, although having received as a user in its Plant B an authorized production schedule and related allotment for said period, purchased and acquired from its own extrusion department controlled materials for fulfillment of such authorized production schedule; to wit, 567,887 pounds of aluminum extrusions without use of said related allotment.

(8) During the fourth quarter 1951, being the period beginning October 1, 1951, and ending December 31, 1951, the respondent, the B & T Metals Company, committed acts prohibited by, and thereby violated, section 3 (c) of CMP Regulation No. 1, dated May 3, 1951, as amended July 12, 1951, and November 23, 1951, in that said the B & T Metals Company, although having received as a user in its Plant B an authorized production schedule and related allotment of said period, purchased and acquired from its own extrusion department controlled materials for fulfillment of such authorized production schedule; to wit, 721,634 pounds of aluminum extrusions, without use of said related allotment and without charging said materials against said related allotment.

(9) During the first quarter 1952, being the period beginning January 1, 1952, and ending March 31, 1952, the respondent, the B & T Metals Company, committed acts prohibited by, and thereby violated section 3 (c) of CMP Regulation No. 1, as amended November 23, 1951, January 5, 1952, and March 31, 1952, in that said the B & T Metals Company, although having received as a user in its Plant B an authorized production schedule and related allotment for said period acquired from its own extrusion department controlled materials; to wit, 349,643 pounds of aluminum extrusions, without use of said related allotment and without charging said materials against said related allotment.

(10) During the period covered by conclusions 5, 6, 7, 8, and 9; to wit, the third quarter 1951, fourth quarter 1951, and first quarter 1952, the respondents, E. Douglas Wolcott as president and treasurer of the B & T Metals Company and individually, R. Scott Inboden as vice president of said corporation and individually, Harry E. Ross as purchasing agent of said corporation and individually, and Ernest L. Krinn as production manager of said corporation and individually, who then dominated, controlled, and managed the operations of said corporation, directed, supervised, and managed the acts recited in said five conclusions and related findings of fact and thereby violated the respective sections of orders of the National Production Authority recited in said five preceding conclusions.

(11) It does not appear by the evidence that the violations shown by con-

clusions numbered 5 to 10 inclusive have resulted in any use by the B & T Metals Company of aluminum in excess of the quantities permitted by its various production directives and related allotments and the harm done by said violations apparently consists chiefly of unnecessary difficulty which these violations have imposed upon the Compliance Division of National Production Authority and its investigators in auditing, supervising, and regulating the use by said corporation of controlled materials.

(12) The evidence shows that respondents attempted in good faith to establish and maintain records which would comply with NPA requirements, and it does not appear by the evidence that their failure to keep certain necessary records as indicated by finding of fact 12 have resulted in any excess use or unlawful use of controlled materials. Since the deficiencies of respondent's record-keeping have apparently been remedied, the hearing commissioner believes no order on this subject is necessary.

(13) There is no evidence tending to show that the respondent, Virginia L. Tolbert, had any part in the management of the B & T Metals Company or that she participated in any of the violations shown by the foregoing findings and conclusions.

In order to correct the unauthorized use of aluminum found herein, and in order to prevent future violations of National Production Authority regulations, orders, and directions by the respondents;

It is accordingly ordered:

1. That all allocations and allotments of aluminum under the control of the National Production Authority be withdrawn and withheld from respondent, the B & T Metals Company, a corporation, its successors and assigns, and from the individual respondents herein, as officers and employees of the company and individually, their successors and assigns, until the quantity of aluminum thus withheld and recouped by the National Production Authority amounts to 673,923 pounds.

2. That all priority assistance be withdrawn and withheld from respondent, the B & T Metals Company, a corporation, its successors and assigns, and from the individual respondents herein as officers and employees of the company and individually, their successors and assigns, until the quantity of aluminum recouped by the National Production Authority amounts to said 673,923 pounds of aluminum.

3. That all privileges of self-authorization and self-certification granted by the National Production Authority with respect to controlled materials and materials under control be, and the same hereby are, withdrawn from respondent, the B & T Metals Company, a corporation, its successors and assigns, and from the individual respondents herein as officers and employees of the company and individually, their successors and assigns, until the quantity of aluminum recouped by the National Production Authority amounts to said 673,923 pounds of aluminum.

4. That the B & T Metals Company, a corporation, its successors and assigns, and the individual respondents herein as officers and employees of the company and individually, their successors and assigns, be and they hereby are, prohibited from acquiring, using, or disposing of controlled materials and materials under control of the National Production Authority until the quantity of aluminum recouped by the National Production Authority amounts to said 673,923 pounds of aluminum.

5. All charges relating to respondent Virginia L. Tolbert are hereby dismissed and as to said respondent this proceeding is hereby closed.

Issued at Cleveland, Ohio, this 10th day of April 1953.

AUTHORITY,

FEDERAL POWER COMMISSION

[Docket No. E-6493]

MALDEN ELECTRIC CO. ET AL.

NOTICE OF APPLICATION

APRIL 15, 1953.

In the matter of Malden Electric Company, Suburban Gas and Electric Company, and New England Power Company; Docket No. E-6493.

Take notice that on April 13, 1953, a joint application was filed with the Federal Power Commission, pursuant to section 203 of the Federal Power Act by Malden Electric Company (hereinafter called "Malden"), Suburban Gas and Electric Company (hereinafter called "Suburban Gas") and New England Power Company hereinafter called "NEPCO") all corporations organized under the laws of the Commonwealth of Massachusetts and all doing business in said state. NEPCO, in addition, also carries on business as a foreign corporation in the States of Vermont and New Hampshire. The principal business office of Malden is at Malden, Massachusetts; principal business office of Suburban Gas is at Revere, Massachusetts; principal business office of NEPCO is at Boston, Massachusetts. Applicants seek an order disclaiming jurisdiction, or in the alternative, an order authorizing the merger and consolidation of Suburban Gas into Malden, the name of which is to be changed to Suburban Electric Company, and the sale by NEPCO and the acquisition by Suburban Electric Company of certain 23 KV lines and related equipment by means of which electricity is delivered from NEPCO's high-tension transmission system to the distribution systems of the enlarged Suburban Electric Company. The proposed consolidation provides, among other things, for the issuance of shares of the capital stock of Malden to the stockholders of Suburban Gas in exchange for their present holdings, in amounts determined after consideration of the relative net book values of the electric properties involved and the relative historical and estimated future earnings of such properties; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said

application should, on or before the 4th day of May 1953, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[Docket No. E-6494]

BEVERLY GAS AND ELECTRIC CO. ET AL.

NOTICE OF APPLICATION

APRIL 15, 1953.

In the matter of Beverly Gas and Electric Company, Gloucester Electric Company, Salem Electric Lighting Company, Essex County Electric Company, and New England Power Company, Docket No. E-6494.

Take notice that on April 13, 1953, a joint application was filed with the Federal Power Commission, pursuant to section 203 of the Federal Power Act, by Beverly Gas and Electric Company (hereinafter called "Beverly"), Gloucester Electric Company (hereinafter called "Gloucester"), Salem Electric Lighting Company (hereinafter called "Salem"), Essex County Electric Company (hereinafter called "Essex"), and New England Power Company (hereinafter called "NEPCO") all corporations organized under the laws of the Commonwealth of Massachusetts and all doing business in said state. NEPCO, in addition, also carries on business as a foreign corporation in the States of Vermont and New Hampshire. The principal business office of Beverly is at Beverly, Massachusetts; the principal business office of Gloucester is at Gloucester, Massachusetts; the principal business office of Salem is at Salem, Massachusetts; the principal business office of Essex is at Salem, Massachusetts; the principal business office of NEPCO is at Boston, Massachusetts. Applicants propose the consolidation of Beverly, Gloucester and Salem into Essex County Electric Company and the sale by NEPCO and the acquisition by Essex of certain 23 KV lines and related equipment by which electricity is delivered from NEPCO's high-tension transmission system to the distribution systems to be owned by Essex. The proposed consolidation provides, among other things, for the issuance of the initial capital stock of Essex to the stockholders of Beverly, Gloucester, and Salem in exchange for their present holdings in amounts determined after consideration of the relative net book values of the electric properties involved and the relative historical and estimated future earnings of such properties; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 4th day of May 1953 file with the Federal Power Commission, Washington 25, D. C.,

a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

WASHINGTON WATER POWER CO.

NOTICE OF APPLICATION

APRIL 17, 1953.

Take notice that on April 15, 1953, an application was filed with the Federal Power Commission, pursuant to section 203 of the Federal Power Act, by The Washington Water Power Company (hereinafter called "Washington") a corporation organized under the laws of the State of Washington and doing business in the States of Washington, Idaho and Montana, with its principal business office at Spokane, Washington, seeking an order authorizing the merger of Puget Sound Power & Light Company (hereinafter called "Puget") with, and into, Washington. On the effective date of the merger, Puget will cease to exist as a corporate entity and Washington will succeed to all of Puget's properties. Washington and Puget propose to convert the Common Stock of Puget into the Common Stock of Washington and into the new \$25.00 Preferred Stock, with an annual dividend of \$1.28 per share, on the basis of one-half share of Common Stock and one-half share of Preferred Stock of Washington for one share of Puget's Common Stock. In addition, common stockholders of Puget may elect to receive \$27.00 in cash for each share of Common Stock owned by them. *Provided, however,* That in the event that more than 50 percent of Puget's stockholders elect to receive cash or shall vote against the merger, the merger will not become operative; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make protest with reference to said application should, on or before the 11th day of May 1953, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

EL PASO NATURAL GAS CO.

NOTICE OF AMENDED APPLICATION

APRIL 15, 1953.

Take notice that on January 26, 1953, as amended and supplemented March 30,

1953, El Paso Natural Gas Co. (Applicant) a Delaware corporation with its principal office in El Paso, Texas, filed application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of certain transmission pipeline facilities hereinafter described.

Applicant proposes the construction and operation of approximately 2 miles of 2-inch pipe and a measuring and regulating station connecting with Applicant's existing 24-inch San Juan pipeline near valve No. 32 in the Northeast Quarter of Section Twenty-six, Township Twenty-two North, Range Five East, Coconino County, Arizona, for the sale and delivery near Bellemont, Arizona, of approximately 17,297 Mcf of natural gas per year to Southern Union Gas Company by the third year of operation for resale to residents of the Wherry Housing Project near Bellemont.

The estimated cost of the facilities which Applicant proposes to construct, own and operate is \$16,900, of which \$10,000, the cost of the 2-inch pipeline, will be borne by Southern Union Gas Co. Applicant proposes to finance the measuring and regulating facilities from current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 6th day of May 1953. The application is on file with the Commission for public inspection.

[Docket No. G-2135]

EAST OHIO GAS CO.

ORDER FIXING DATE OF HEARING

On March 9, 1953, the East Ohio Gas Company (Applicant) an Ohio corporation with its principal place of business at Cleveland, Ohio, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of approximately 5 miles of 8-inch pipeline commencing at a point of connection with Applicant's trunk pipelines No. 2 and 3 in Fairfield Township in Tuscarawas County, Ohio, and extending in a westerly direction to Applicant's border station in Goshen Township, Tuscarawas County, subject to the jurisdiction of the Commission, as described in the application on file with the Commission, and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for noncontested proceedings, and no request to be heard,

protest, or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on March 26, 1953 (18 F. R. 1713-1714)

The Commission orders:

(1) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held on April 30, 1953, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved in and the issues presented by the application: *Provided, however* That the Commission may, after a noncontested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(2) Interested State Commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Adopted: April 16, 1953.

Issued: April 17, 1953.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3011]

SOUTHERN CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION OVER SUBSCRIPTION PRICE, RESULTS OF COMPETITIVE BIDDING FOR UNDERWRITING OF COMMON STOCK RIGHTS OFFERING AND OVER FEES AND EXPENSES

APRIL 16, 1953.

The Southern Company ("Southern") a registered holding company, having filed an application-declaration and amendments thereto, proposing, among other things, to offer to its stockholders rights to subscribe for the purchase of 1,004,869 additional shares of its \$5 par value common stock on the basis of one additional share for each 17 shares of common stock now held, and also proposing to offer to underwriters such shares as are not subscribed for by its stockholders and any shares acquired by Southern for stabilization purposes, pursuant to the competitive bidding requirements of Rule U-50, at the subscription price to be determined by Southern, the underwriters' bids to specify an aggregate amount of compensation to be paid for their commitments; and

The Commission by order dated March 30, 1953, having granted and permitted to become effective the application-declaration, as amended, subject to the condition, among others, that the proposed issuance and sale of common stock shall not be consummated until the subscription price and the results of the competitive bidding, pursuant to Rule

U-50, shall have been made a matter of record in this proceeding and a further order shall have been entered with respect thereto, and jurisdiction having been reserved therein over the fees and expenses to be incurred in connection with the proposed transactions; and

Southern, on April 16, 1953, having filed a further amendment to said application-declaration in which it is stated that Southern has designated a subscription price of \$14.00 per share for the additional shares of its common stock, has invited bids, pursuant to Rule U-50, with respect to the compensation to be paid the underwriters for purchasing, at the subscription price of \$14.00 per share, the common stock not taken by subscription and any shares acquired by Southern for stabilization purposes, and has received the following bids:

Bidding group headed by—	Amount of compensation		Aggregate net proceeds to company ¹
	Per share	Aggregate	
The First Boston Corp.	\$0.1290	\$129,628.10	\$13,038,537.00
Blyth & Co., Inc.	.1383	139,000.00	13,020,160.00
Bear, Stearns & Co.			
Dean Witter & Co.			
Union Securities Corp.	.1681	168,950.00	13,899,216.00
Equitable Securities Corp.			
Lehman Bros.	.1880	188,889.00	13,870,277.00
Morgan Stanley & Co.			
Kiddier, Peabody & Co.	.2218	222,000.00	13,846,260.00
Merrill Lynch, Pierce, Fenner & Beane			

¹ After deducting amount of compensation bid only.

The amendment having further stated that Southern has accepted the bid of The First Boston Corporation, as set forth above; and

The record having been completed with respect to the fees and expenses to be incurred in connection with the proposed transactions, except fees and expenses of company counsel, which are estimated as set forth below:

Federal original issue tax	\$0.000
Filing fee—Securities and Exchange Commission	1,709
Listing on New York Stock Exchange	2,525
Charges of transfer agent and registrar	53,000
Charges of subscription agent	145,000
Cost of stock certificates and warrants	17,500
Blue Sky expenses	1,000
Mailing expense	20,100
Printing and preparation of Form U-1, registration statement, financial statements, prospectus, competitive bidding papers, letters to stockholders, etc.	82,000
Fees and expenses of accountants	7,315
Services of Southern Services, Inc.	8,000
Miscellaneous	10,000
Total	363,209

It appearing that Southern requested various financial institutions to submit proposals with respect to their charges for acting as subscription agent in connection with the proposed issuance and sale of common stock, that six bids were received, and that Southern accepted the bid of Guaranty Trust Company in the amount of \$145,000; and

It further appearing that the proposed fee of Reid & Priest, counsel for the underwriters, which is to be paid by said underwriters, is \$6,000; and

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be received for said stock, the compensation to be paid to the underwriters, or otherwise; and it appearing to the Commission that the above fees and expenses are not unreasonable provided they do not exceed the amounts estimated, and it appearing appropriate to the Commission that the jurisdiction heretofore reserved over the subscription price per share, the results of competitive bidding, and over the above fees and expenses incurred in connection with the proposed transactions be released:

It is ordered, That the application-declaration, as further amended, be granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24, and that the jurisdiction heretofore reserved over the subscription price and the results of competitive bidding be, and the same hereby is, released:

It is further ordered, That the jurisdiction heretofore reserved over the fees and expenses incurred in connection with the proposed transactions, except for fees and expenses of company counsel, be, and the same hereby is, released, provided that they do not exceed the amounts indicated above.

By the Commission.

S. R. GAYNES & Co.

ORDER FOR PROCEEDINGS AND NOTICE OF HEARING

In the matter of S. R. Gaynes & Co., 277 Broadway, New York, New York.

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 16th day of April 1953.

I. The Commission's public official files disclose that S. R. Gaynes & Co., a partnership, hereinafter referred to as registrant, is registered as a broker-dealer pursuant to section 15 (b) of the Securities Exchange Act of 1934.

II. The Records Officer of the Commission has filed with the Commission a statement, a copy of which is attached hereto and made a part hereof,¹ stating that registrant did not file with the Commission reports of his financial condition during the calendar years 1950 through 1952, as required by section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted thereunder.

¹ Filed as part of original document.

III. The information reported to the Commission by its Records Officer as set forth in Paragraph II hereof tends, if true, to show that registrant violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted under said section.

IV. The Commission, having considered the aforesaid information, deems it necessary and appropriate in the public interest and for the protection of investors that proceedings be instituted to determine:

(a) Whether the statement referred to in Paragraph II hereof is true;

(b) Whether registrant has wilfully violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted under said section;

(c) Whether, pursuant to section 15 (b) of the Securities Exchange Act of 1934, it is in the public interest to revoke registration of registrant; and

(d) Whether, pursuant to section 15 (b) of the Securities Exchange Act of 1934, pending final determination, it is necessary or appropriate in the public interest or for the protection of investors to suspend the registration of registrant.

V *It is ordered,* That registrant be given an opportunity for hearing as set forth in Paragraph IV hereof on the 21st day of May 1953, at the main office of the Securities and Exchange Commission, located at 425 Second Street NW, Washington 25, D. C., before a Hearing Examiner to be designated by the Commission. On such date the Hearing Room Clerk in Room 193, North Building, will advise the parties and the Hearing Examiner as to the room in which such hearing will be held. The Commission will consider any motion with respect to a change of place of said hearing if said motion is filed with the Secretary of the Commission on or before May 14, 1953. Upon completion of any such hearing in this matter the Hearing Examiner shall prepare a recommended decision pursuant to Rule IX of the rules of practice unless such decision is waived:

It is further ordered, That in the event registrant does not appear personally or through a representative at the time and place herein set or as otherwise ordered, the Hearing Room Clerk shall file with the Records Officer of the Commission a written statement to that effect and thereupon the Commission will take the record under advisement for decision.

This order and notice shall be served on registrant personally or by registered mail forthwith, and published in the FEDERAL REGISTER not later than fifteen (15) days prior to May 21, 1953.

In the absence of an appropriate waiver, no officer or employee of the Commission engaged in the performance of investigative or prosecuting functions in this or any factually related proceeding will be permitted to participate or advise in the decision upon the matter except as witness or counsel in proceedings held pursuant to notice. Since this proceeding is not "rule making" within the meaning of section 4 (c) of the Administrative Procedure Act, it is not

deemed to be subject to the provisions of the section delaying the effective date of any final Commission action.

By the Commission.
